Girls Physical Education Being Added To Public School Program

The Chamber of Commerce has one of its main goals the obtaining of industry for Crawford County. No finer goal is possible for industry will bring more jobs, more money, better schools and all the rest that goes with expansion. But with in the Chamber are responsible people who say, "We don't want any industry that is going to raise wages, taxes, etc." Poppycock! We are going to have to accept the fact that most industries are unionized, at least to better by their employees than any union can. As an example, Bear Archery, Inc. is a responsible people afraid that they may have to pay more to the people they employ... that there will be competition in Grayling for a labor market. It will be a long time before all people in this area who need jobs on an annual basis can ever be absorbed to the point where there will be competition. What these responsible people forget is that highly paid employees spend more money on groceries, gas, clothing, insurance, and all the other things that are available in Grayling. As a group we could do well to see WHAT can be done to attract ANY industry rather than to argue about what the Chamber of Commerce would not accept.

Area Fund At \$7,889

The drive towards a \$10,000 goal for construction of a Grayling Memorial Recreation Area fund reached a total of \$7,889.28 early this week. A mail campaign to summer residents and friends of Grayling is expected to get underway after Labor Day and with a few businesses and residents of Grayling yet to be heard from, it was the committee's hope that the fund would go over the top by early October.

In the meantime, progress is rapid at the field. The poles which will hold the lighting over the football field have all been readied with hardware on the ground and are expected to be put in position right after Labor Day. The lights will be mounted immediately and the goal posts and flag pole donated by the Beaver Creek employees of the Pure Oil Company will be welded and placed on the field. Work continues on the preparation for installing the new quarter mile cinder track with its 220 yard straightaway. Chairman Carlson announces that an order soon will be placed for 1,100 feet of fencing and two small entrance gates and two large vehicle sized gates. This should fence the entire area and it will be installed as rapidly as possible after its arrival here.

Donating to the fund during the past week were: Mrs. and Mrs. Engel, \$5; Emil Gleigling, \$10; Mrs. Bertha Peterson, \$10; Mrs. Ruth Fenton, \$2 and Ronald Beumann, \$15.

Bowling Dope

By G. H. Q.

At a meeting of the Grayling City Bowling Association held Friday, August 26th, the following officers were elected: American League, Pres, Robert Dean; Vice-Pres, Roy Milnes; Sec.-Treas, G. H. Quinn; Rules committee, Roy Milnes; Billings, Melvin; Nelson, Tony; Nelson, Representative to City Association, Roy O. Milnes.

National League, Pres, Mel Lucksted; Vice-Pres, A. H. Moore; Sec.-Treas, G. H. Quinn; Rules committee, Dan Snyder, Bob Boeve, Roy Milnes; Representative to City Association, Dan Snyder.

As there was a drawing of numbers for teams it was decided to use the standings for last half of last season for team numbers this year namely 1st team No. 1, 2nd team No. 2 etc., therefore for the first week bowling teams of number 1 to 8 will bowl on first shift (7:00 p. m.) and 9 to 16 on 2nd shift (9:00 p. m.) alley number corresponding with team number. For the rest of the season the Captains will be available on schedule. Cards will be sent to team Captains advising time they bowl for first night.

Ninth Annual Canoe Marathon Begins At 8:30 p. m. Saturday

"Trash Bags" Aid In River Clean-Up

In an effort to keep the AuSable River clean after the two spring clean up drives by the Grayling Explorer Scout Post No. 77 the past two years, a novel plan is being attempted that so far seems to be working very well.

Large grocery-type paper bags with message printed on one side are being handed out by Grayling's three canoe livers and also by guides on the river. The bags are to be used to put all empty cans, bottles, boxes and other garbage in and are to be placed in garbage containers at the various landings on the river.

On the week end of August 20, 200 of these bags were put into circulation and at the AuSable River landings evidence of their use was gratifying. The first 200 bags were donated by the Black and White Grocery while Newton Skillman who lives on the river summers and winters in Florida was distributed to the canoe livers and guides by Herbert Wolff, president of the Grayling Sportsmen Club. Due to the success of the initial order of bags, Mr. Skillman has authorized the club to continue to order 15,000 bags and print them to be used through the remainder of this season and to have a sizeable amount on hand for the opening of next season. It is expected that the Sportsmen Club will continue to handle the distribution of the trash bags to the livers and guides.

Driver Training: Wesley Kumpula Shop and School Forer Earl Gierke, Commerce; Norine Hanson, English and Library; Myrtle Milnes, Junior High and Vocal Music; LeRoy Christian, History and Band; Robert Boeve, Science and Mathematics; Wanda Mikrut, Homemaking; Elmer Fenton, Junior High; Bruce Smith, Junior High, Physical Education and Athletics; Larry Baumann, Social Science and Athletics; Barbara Nelson, Social Science, Junior High and Physical Education.

In the Elementary grades the teachers are all returning and include: Evelyn Klein, 6th grade; Margaret Douglas, 5th grade; Laura Gleigling, 4th grade; Ruth Caldwell, 3rd grade; Beatrice Laux, 3rd grade; Josephine Owens, 2nd grade; Inez Edson and Margaret Frye, 1st grade and Ruth Robertson, kindergarten.

In spite of being torn up by the contractors the buildings are in fine shape except for the unfinished rooms in the old gym. A great deal of credit goes to Les Goss who had his work upst several times during the summer. Assistant him in the building and with the bus will be LeRoy Akers and Clifton Fendrick. Mr. Nelson will drive the bus in the Beaver Creek area.

Helen Corwin will be the school nurse. Phyllis Ziebell will be in the school office and Laura MacLeod will have charge of the hot lunch.

Students in grades 1-12 are to enroll at 1:00 p. m. Tuesday, September 6th and will come to school in the forenoon only on Wednesday, September 7th. Kindergarten pupils who did not enroll last spring are to come at 1:00 p. m. Tuesday or at 9:00 a. m. Wednesday. The regular kindergarten schedule will start Thursday, September 8th.

Softball Race Ends In Tie

The tip and tuck race between Camp Lehman and the Black & White finally ended in a two way tie, both teams winding up their regular season with 15-5 records. Forest fires, followed by rainy weather in the last couple of weeks of play has disrupted the schedule. The four unplayed regular season games, having no bearing on the final standing of any of the teams, will probably not be made up.

The post-season play-offs, also, have been slowed by rainy weather. Frederic and Maple Forest were eliminated in quarter final games. In the one semi-final game the Black & White scored five times in the first inning and proceeded to trounce Camp La-Victoria 13-3. The St. Mary's-Camp Lehman semi-final has been postponed three times. The winner of this game will meet the Black & White for the playoff championship in a three game series.

In regular season play, Lehman was leading by a full game, but were shut-out by rival Camp La-Victoria 7-0 in the final game on Dick Youmans' four hitter. Brilliant fielding plays saved the Rockets the shutout when the Jets twice loaded the bases.

The Black & White pulled up six extra base hits to over-power St. Mary's 15-5 and gain the tie with Camp Lehman. The Black & White played a 5-5 draw with Frederic, with the Rockets taking the make-up game 7-2. The Black & White stopped Frederic 21-7, scoring 21 runs in 7 hits. Camp Lehman edged out St. Mary's, 6-5, and the Frederic-Maple Forest game was called because of the forest fire.

The Labor Day All-Star game promises to be a real thriller. The Western division are slight favorites on the strength of their pitching. The batting power seems to be about equal. It will be a single nine inning game. The game will be played on the Grayling diamond. A free will donation will be contributed by the Crawford County Softball Association toward the Memorial Athletic Area.

Expect More Entries Yet This Week For Rugged 240-Mile Race

Position Drawings To Be Held Here Friday Afternoon

The Ninth Annual running of the Michigan Canoe Championships will start from Grayling at 8:30 p. m. this Saturday evening. Over twenty canoes manned by a pair of paddlers are expected to shove off at 15 second intervals headed for Oshtemo on the Lake Huron shore 240 miles away.

The winners of the last two runnings of the marathon, Bernard Fowler, 29, and Don Feldhauser, 33, both of Grayling rule the night for the race due to their knowledge of the water conditions of the AuSable which must be run in the darkness of night. Also expected to place high in the finishers and thought by many as the eventual winners are Larry Kindell, 21, of National City and Steve Kolonich, 35, of Tawas City who have captured several canoe races this summer. Both are veterans of the Michigan Canoe Championships.

The first canoe should hit the finish line in Oshtemo somewhere around 2 p. m. on Sunday providing that as good time is made this year as the record set in 1953 and hit again on the nose last year by Fowler and Feldhauser of 17 hours and 27 minutes. The pair paddling the canoe will win a cash prize of \$1,000.

A total of \$2,050 in cash prizes will be awarded the racers, with second place receiving \$500; \$200 to third; \$100 to fourth. Fifth through eighth places will receive \$50 each with ninth and tenth places being awarded \$25 each. All entrant canoes crossing the finish line within five hours after the winners are in will be awarded suitable medals.

Fowler and Feldhauser were first for the past two years. Last year Kenneth and Kim moved up to second place finish from third place in 1953. John Stephan of Grayling who teamed with Hank Feldhauser last year finished third with Merle Klein, 32, and Jack Kent of Atlanta finishing fourth.

Drawings for starting positions will be held at 3 p. m. Friday afternoon at the Crawford County Chamber of Commerce building in Grayling. At least one member of each team must be present to draw for the team's position at the start. No proxies will be allowed to draw for any team. Entries will be accepted up to 7 p. m. one and a half hours prior to start of the race. All entries coming in after 3 p. m. will be awarded a starting position in the same rotation as their entry blanks are received.

This annual event is staged this year under the auspices of the Crawford County Chamber of Commerce, Oshtemo-AuSable Chamber of Commerce and the East Michigan Tourist Association. Acting as secretary for the race committee is Bill Turner, secretary-manager of the Crawford County Chamber of Commerce, Chairman of this year's race is Ken Beardslee of Oshtemo.

Awarding of the prizes will take place on Sunday evening, September 4th in Oshtemo with Fred A. Huber Jr., publicity director of the Detroit Red Wings and Chuck Davey, Michigan boxing star presenting the awards. If Fowler and Feldhauser capture this year's race they will gain permanent possession of the Tom Marston Memorial trophy which they have held for the past two years.

Expect More Entries Yet This Week For Rugged 240-Mile Race

Expect more entries yet this week for the rugged 240-mile race. Contestants may enter now by going to or calling the Johnson Oil Co. or may enter right up to the time of the race.

Fowler and Feldhauser are those who donated a fund to make possible a dinner for all contestants. Father John Breitenstein, George Griffith, Bill Hines, Thane Henderson, Eric Post, Jack Mason, Bob Strong, Eastern Olson, Lester Welch, T. P. Peterson, Fred Wolff, Dr. Vincent, John Latusek, Dr. Ralph Hoffman and Grayling Winter Sports, Inc.

The two trophies donated by Mr. and Mrs. John Ludeman of Camp Shoppengauz for presentation to the two winners of the older boys race, are now on display at Burrows Market. Chamber secretary-manager Turner and the Michigan Canoe Championships Fieldhouse and Fowler are to appear on the Walt Nowack hour over television station WBN, Traverse City this Friday night at 8 o'clock. The show will be more or less of a preview of the race.

Local Youth Suffers Severe Wreck Injuries

Ray Waite, 16, son of Mrs. Stella Waite of Grayling is in the Gaylord Hospital in an extremely serious condition as the result of an auto accident which took place Saturday night on US-131 just north of Elmira.

Waite, a Grayling High School student, had accompanied Mr. and Mrs. John Gagan and son John to Petoskey to attend the "hot rod" races in which Mr. Gagan's car participated. On their trip home, towing the "hot rod" racer, they pulled off the road to check the tow bar which seemed to be loosening.

Waite was between the two cars when the racer was struck in the rear by a car operated by Joseph Vesey, 45, of Ferndale. Waite suffered fractured ribs, a punctured lung, neck injury and multiple bruises in the collision. Mr. Gagan also suffered some cuts.

The injured youth was rushed to the Gaylord Hospital where he was reported as "holding his own". State Police from the Gaylord investigated the accident and issued a ticket for reckless driving to Vesey.

Waite was a member of last year's varsity football and track squads and was a regular on the reserve basketball team. He had shown a lot of promise in all three sports but will certainly be out of football and possibly all three sports.

THOMAS J. WELLS LAID TO REST

Thomas J. Wells was laid to rest in Elmwood Cemetery, Thursday, August 25th, following services held at St. Mary's Church on October 10, 1916. A brakeman on the New York Central Railroad from 1911 to 1920, he joined the Detroit City fire department in 1921 from which he was retired in 1922 due to an injury received there. The family moved to Grayling in 1932 where he purchased the John Dodge property down river at Wakeley Bridge and operated a resort known as "Uncle Tom's Cabin". Selling the establishment in 1946 they moved into Grayling where they had since lived except for two years when Mr. Wells worked for U. S. P. & D. O. at Fort Custer, Battle Creek and at Lansing. Since 1952 he had been employed at U. S. P. & F. O. Camp Grayling. He was a member of St. Mary's Church here.

STORK VS MOVERS

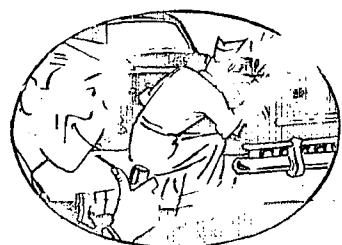

Baby Donald William Palmer, son of Mr. and Mrs. Bernard (Pat) Palmer of Krauter St., Garden City and well known in Grayling made his appearance in the world 45 minutes after the moving started to their new home on Alvin St. Mr. Palmer rushed his wife to the

Zeiger Clinic while relatives helped with the moving on Saturday, July 16. Baby Donald weighed in at 7 lbs. 8 oz. His big brothers Dana and Patrick and his sister Kathy are looking forward to his homecoming.

Plan Driver License Reforms To Weed Out Incompetent Motorists

Driver License Reforms are in the making to weed out incompetent motorists from Michigan highways.

The state already patrols the streams of traffic with police and, on summer holiday weekends, adds a force of National Guardsmen to the assignment.

But Secretary of State, James M. Hare, figures Michigan should go back further for two reasons: to prevent accidents before they happen and to keep bad drivers off the highways.

The driver license administration was established as a separate unit two years ago for that purpose and it has all but failed.

Hare and his staff have no control over the way a local license examiner runs his office.

"We can recommend and educate, but they can award some times do - give licenses to anybody," he said.

A man with cataracts on both eyes, who couldn't read a newspaper because of poor vision, got a license.

Politics, those with other mental illnesses and some who were physically incapable of driving a car - all were given an official sanction to drive on Michigan highways.

Hare's lack of control over local license examiners, who are often given the job by local officials because they cannot get other work, sometimes takes on aspects of the assinine.

One examiner notified Hare that a driver going on vacation but assured him he would leave his license records and forms at a service station where attendants could issue licenses.

The original idea of the driver license administration was to tighten up the ranks, permit only qualified and trained examiners to pass on licenses for drivers.

Hare's regional inspectors have done a job, but they are now wrecked by a lack of control over the local examiner.

One of the new ideas is to give state officials the power to appoint or fire local examiners and force them to complete a training course before issuing licenses.

"It may come to that," Hare said.

Economy and Convenience were the drive to recruit a 14-man architectural staff for state government.

For years Michigan has been shelling out fees totaling five per cent of the total construction cost of state buildings to pay architects.

When legislators asked Building Director A. N. Langus how much a project cost, he could only estimate roughly based on the sketchiest of information.

"The legislature had to guess and then I was criticized for not staying within the appropriation," he said.

So the 1955 legislature turned loose \$82,000 to round up the staff which Langus said can make preliminary drawings and come a lot closer to the actual cost.

The new staff, he said, can do all the pre-preliminary work and cut out one per cent of the five per cent fee going to private architectural firms.

Langus said a staff in his office could have saved \$6,000 of the \$6,500 the state spent for first plans for a dormitory at Ionia State Reformatory.

"Eventually, this will save the state thousands of dollars and give us a better idea of projects before they are built," he said.

Michigan now has \$100 million in buildings under construction and \$75 million in the pipeline.

With the building staff, Langus figures the state could have saved \$1 million.

It May Be Too Late now to keep your house cool during the 1955 summer, but the state health department came up with a two-way idea that can help in the winter, too.

Experts assured people they weren't eccentric if they believed the house was cool during the heat of the day and hot as blazes after the sun went down.

Dr. Albert E. Heustis, state health commissioner, said it happens that way because of "heat lag."

It takes hours for the heat from the sun to penetrate the roof, work down through the ceiling and bounce into the first floor living quarters.

By the time the sun sets, the heat is reflected from the ceiling and it's hot inside and cool outside.

Plans Old Timers Banquet

Old timers from Cheboygan to Grayling who have been in business from 30 to 35 years in the North have an invitation from George Dumas, proprietor of the Sugar Bowl Restaurant, to attend a banquet to be held at his restaurant in the near future.

They are requested to get in touch with him either by telephone or letter to make reservations for the banquet. After George has heard from businessmen he will set a date for the get together.

The occasion will provide an opportunity for the businessmen to compare notes and talk over old times, when the lot of every business establishment was full of lean years and hard work.

Maple Forest 4-H Junior Leaders Meet

4-H Junior Leaders of Maple Forest met at Mrs. Armstrong's home on the 22nd of August to help with achievement day set for the 10th of September at 8:00 o'clock sharp. We got quite a bit done. Mrs. Armstrong served cake for a lunch.

Announcing Our Membership In THE FEDERAL RESERVE SYSTEM

It is a pleasure to announce that our bank has been admitted to
membership in the Federal Reserve System. In taking this step, we
have joined forces with the greatest banking system in the world
and are now in a position to provide our customers with the utmost
in service and protection. Banks which are members of the Federal
Reserve System hold more than 85% of the commercial banking
resources in the United States. State banks may join the Federal
Reserve System if they can meet certain rigid requirements as to
capital, quality of assets and competency of management.

This bank is therefore proud to display the emblem of member-
ship.

We're shooting
the works
-to bring you the
biggest bonus-deal
in our history

Bonus Beauty in Hardtops—

Even the new hit in hardtops—the 4-Door Riviera
—is included in our profit-sharing deals today.
Shown here is the 236-hp CENTURY, 6-Passenger,
4-Door Riviera, Model 63. Also available in the
low-price SPECIAL Series as Model 43.

YOU'VE never seen anything like it—we've
never seen anything like it—nobody's ever
seen anything like the way Buick sales are
soaring.

Already, they've shot way past every high-
water mark in our history. (And we've got the
rest of the year to go!)

So we're celebrating. We're shooting the
works. And you're the winner.

On top of the whopping trade-in allowances
we've been making all year, we're now adding
an extra-big bonus allowance that brings you
your new Buick at the lowest figure of the year.

And Mister—what a Buick it is!

Big and brawny—with the bold styling that
says Buick and nothing but.

Whip-quick and eagerly able—with V8 power
that's been stepped up to all-time highs.

A buoyant and level-riding Buick that travels
you over any road in confident ease—carries

you in the balanced comfort of all-coil spring-
ing and torque-tube stability.

And—a Buick blessed by the smooth magic of
Variable Pitch Dynaflo®—the only trans-
mission patterned on the switch-pitch principle
of the modern plane's propeller to give you
electrifying getaway response and better gas
mileage to boot.

Well—what do you say? Can you deny your-
self all those thrills when they come to you
for so thrifty a price and with so terrific a
trade-in allowance?

Come in—today if you can—while our deal is
on and the lid is off.

*Variable Pitch Dynaflo is the only Dynaflo Buick build
today. It is standard on Roadmaster, optional at modest extra
cost on other Series.

Thrill of the year is Buick—

Biggest-selling Buick in History! (So we're trading high,
wide—and then some!)

We De-Haunt Houses—

Is your house haunted?
Not with the sound of
clanking chains or with
wraithlike ladies wander-
ing about at midnight; but
with the spectre of insuffi-
cient insurance protection
should your house be de-
stroyed by fire or other cat-
astrophes.

You may have sufficient
fire insurance—but you also
need Extra Living Expense
insurance to reimburse you
for the difference between
what it normally costs to
conduct your household and
what it would cost should
you have to live elsewhere,
under emergency condi-
tions.

We will gladly give you
details on this extra protec-
tion.

Frederic, Maple Forest To Ring Boy Scout Fund

The Frederic Boy Scout Troop, No. 78, and Cub Scout Pack No. 78 are in their second year of scouting. 1

The Boy Scout troop is 1 year 11 months old, and has 16 regular members, of these, 9 boys have become first class, 4 second class, and the remainder are new members working on tenderfoot requirements. The Boy Scout Troop is sponsored by the Frederic and Maple Forest Sportsman Club. 1

The Cub Scout Pack No. 78 is sponsored by the First Baptist Church of Frederic and has 20 members. They have been organized 1 year and 3 months. They have had a very active and hard working pack. Both the Troop and Pack members have enrolled in the Frederic and Maple Forest. 1

All local leadership is voluntary and scouting seems firmly established in the Community. 1

Scouting in this area is fortunate in having good leadership and committee members that have given much of their time to the Boy Scout movement. 1

Local leaders have been aided greatly by Mr. Ed Reisig the Paul Dunaway Council Field Executive. Mr. Reisig has spent much time helping the Frederic Troop and Pack. 1

On Saturday, September 3rd, the people of Frederic and Maple Forest were united to donate toward the fund which pays the salaries of the workers, such as Mr. Reisig, in the Paul Dunaway Council. This fund also helps to support Camp Nayati where the Scouts camped this summer. 1

This is the only means by which this Council raises money. The Paul Dunaway Council was necessary for the organization of the troop and pack and is now necessary for the continued existence of the local boy scouts. 1

Depend On Hope

Or Count On Help?

If fire or windstorm should strike your home... if a split second auto accident should involve you in a law suit... can you depend on immediate help? Or will you rely on the hope you can somehow meet the situation.

Talk with anyone who has faced these problems (and there are thousands in Michigan alone) and you'll know why it pays to be fully protected.

The AuSable Insurance Agency can show you how little it costs to have complete insurance protection. Just call 2821 or stop in person.

Letters To The Editor

Dear Bob:

I was certainly elated by the
fine tribute paid the Dept. in the
recent, unfortunate forest fires
which the department of Conserva-
tion was instrumental in bring-
ing under control.

The Conservation Department
renders service to the commu-
nity and the State of Michigan in
the detection and suppression of
forest fires which is our job and
we do the best to give this ser-
vice and the best protection pos-
sible to all public and private
lands and property.

I wish to state that we were
just doing a job as we saw it,
bringing an almost disastrous fire
under control, and no special tri-
bute was necessary.

To operate an efficient organi-
zation, and we certainly think
our's is efficient, it is necessary
to have good Lookouts, Fire Offi-
cers, Equipment Operators, and
Supervisors. No one man can pos-
sibly attain success in detection
and suppression of forest fires
without the support of all mem-
bers of the organization. We feel
that all members were certainly
working as a team and all play-
ers should receive recognition as
well as the entire staff.

Personnel directly connected
with the fires working on this
team were, Howard Slaght and
John Gustafson, the towerman,
who detected this fire. Equip-
ment operator, Robert Erickson,
and Fire Officer Forrest Annis
who operated Grayling Station
equipment on the fire, Russell
Wright, Conservation Officer,
who assisted me in the direction
of the suppression and mop up of
the fire.

From Rosecommon we had Offi-
cer George Luhrs, Fire Officers,
Lester French and Louis Kon-
vicka, operating tractor plow
unit, Ken Haynes operating a
pumper unit, and Fire technician
Ron Bird.

From Mio, Harvey Parlette
and Archie Hunt operating trac-
tor plow units and pummers, M.
E. Thompson, Fire Officer, and
superior of District 7.
From the Mack Lake Station of
the Huron National Forest,
Supervisor Batly who directed
the activities of three tractor
plow and pumper units brought
from Mack Lake.

This constitutes nine pieces of
heavy equipment belonging to the
Conservation Department and
Forest Service all working as a
team in bringing these fires un-
der control.

The Grayling Fire Dept. cer-
tainly prevented some cabins
from burning and worked very
efficiently.

Grant Thompson with his air-
port fire truck was very much
in the picture protecting cabins.
George Schaible and Bill Kin-
ter had pumper equipment for
the same purpose from Camp
Grayling.

Perhaps you were not aware
that such a concentration of fire
fighting equipment would be as-
sembled in so short a period of
time, but we also had equipment
and operators standing by at West
Branch, Lincoln, Kalkaska and
Grayling, ready to come into the
fire if needed. We were indeed
fortunate the fires didn't reach
proportions where the additional
equipment was necessary.

We, of the Department will
continue to render this same type
of fire protection you have been
accustomed to in the past.

Many civilians have aided on
the fires who are not signed up
as such persons should sign up at
the Conservation Equipment Sta-
tion north on US-27 in order to be
assured of being paid for their
efforts.

Red Cross Asks For Disaster Funds

A plea was received here by the local Red Cross chapter for additional funds to aid in the recent flood disaster in the East. Crawford County's quota was \$90.00. A check for \$150.00 has been mailed to Red Cross headquarters for this purpose. A special drive will not be made; however, any one wishing to, may send their contribution to Red Cross, Grayling, c/o of Mrs. Leo Jorgenson.

The Red Cross comes to the aid of all in a disaster. In connection with this call was received here from May Jordan, Red Cross representative in charge of this district, to inquire if help was needed from the Red Cross in connection with our recent forest fires. Though we didn't need help, it's good to know if we had it would have been available.

Golf Club News

Twenty-five ladies attended the regular auxiliary luncheon held at the Golf Club last Wednesday. Serving on the luncheon committee were Mrs. L. J. Douglas, Mrs. J. E. Strong and Mrs. Bill Joseph. Cards were played following luncheon. Mrs. Strong won the canasta prize. Mrs. Tex Rickard held high score at bridge and Mrs. Larry Frymire of Lansing low. Mrs. Esbern Olson won the door prize.

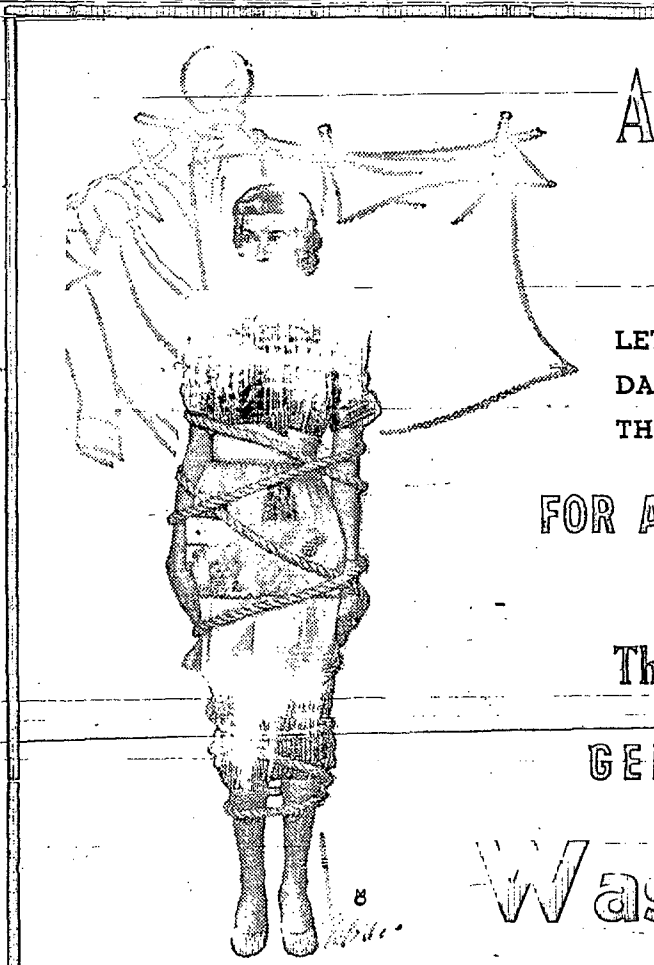

A paid dinner in the nature of a weimer toast with all the trimmings is planned for Labor Day. \$1.00 will be charged for adults and 50c for children. Those attending are asked to bring their own table service. The social hour is planned for 4:30 with dinner at 5:30.
